## DON'T BE MISLED

We desire to call the attention of all readers to the fact that a few druggists in this locality, on account of cut prices on drugs, have adopted the practice of trying to sell something else when a well known preparation of established reputation is called for.

For example, when you ask for Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy, don't allow any druggist or drug clerk to persuade you into buying something else in its place. Every time he succeeds in selling you a worthless substitute he makes more profit, but you are hobbled at the expense of your health.

Swamp-Root is prepared only by Dr. Kilmer & Co. Laboratories, Binghamton, N. Y.—Don't experiment—if you need a medicine you should have the best.

evidence held that Miller was justified in killing O'Grady and set him at liberty.

**Seek Relief Collector.**  
SAN FRANCISCO, April 16.—In the Police Court this morning a warrant was issued for the arrest of David H. Miller, a collector for the Relief and Aid fund, charged with the charge of embezzling \$754.80. He is believed to have fled from the city.

**Mob Lynches Negro.**  
NEW ORLEANS, April 16.—Charles Straub, the negro who was charged with committing a criminal assault on a white woman named Frankie Sunday, was taken from the officers by a mob and hanged to a tree about six miles from New Orleans today. His body was riddled with bullets.

**Policeman Dies from Wound.**  
NEW YORK, April 16.—Policeman Alfred Zwick, one of the two officers shot by Salvatore Governale, an Italian, when they attempted to arrest him on Sunday night, died today. Governale is under arrest and the police have arrested many other Italians for carrying concealed weapons.

**Arrested for Carrying Weapons.**  
SAN FRANCISCO, April 16.—Under the operation of a law recently passed by the Legislature of New York, making it a felony for a father to desert his minor children, Joseph Balza, a musician, today for the first time in custody of Detective Sergeant Farley, of District Attorney Jerome's staff, to appear in court charged with deserting his wife and ten children, the oldest of which is 11 years, and the youngest three months. He came to this city shortly after the youngest child was born. He is 38 years old, and says that although he received wages sufficient to support the family, he was tired and longed for freedom.

**Chettyne (Wyo.)** April 16.—Through the arrest at Buffalo, Wyo., yesterday of Henry Davis, a prominent stock man, it became known that the Federal grand jury, which met in this city recently, had returned an indictment against Davis on the charge of perjury in connection with the acquisition of public lands in Johnson county.

**Girl Assaults Mistress.**  
SEATTLE, April 16.—Edna Courtney, aged 26, a servant girl, employed in Miss E. E. Trainor's fashionable boarding-house, shot and badly wounded Miss Courtney this morning because the latter refused to pay her wages and according to the girl circulated scandalous stories about her. The young woman called her mistress into a room and opened fire without saying a word. The victim is in a hospital suffering from a fractured jaw and a right leg. Her assistant is in the County Jail.

**Mail Thief Is Caught.**  
TACOMA (Wash.) April 16.—Ralph Patterson, a clerk in the Tacoma post-office, was caught last night riding the Federal grand jury, which met in this city recently, had returned an indictment against Davis on the charge of perjury in connection with the acquisition of public lands in Johnson county.

**Gambler Shoots Police Chief.**  
LA GRANDE (Or.) April 16.—While attempting to arrest Fred Reyer, a gambler and gun fighter, today, Chief of Police Walden shot Reyer through the abdomen and was himself struck by four bullets from Reyer's gun. The police chief was probably the last man to be shot by Reyer. Walden is expected to recover.

**Think Him Train Robber.**  
MARSHFIELD (Or.) April 16.—Joseph Bush was arrested at Myrtle Point, Or., today on a charge of having been connected with the robbery of a train on the Missouri Pacific Railroad, at Pittsburg, Kan., March 4, last, when John Henry, a passenger, was killed. The capture was effected by Kansas officers and detectives, and by a Deputy United States Marshal from Portland.

**Hermann Defense Rests.**  
WASHINGTON, April 16.—The defense in the case of Ringer Hermann, charged with destroying public records this afternoon, and the prosecution began its evidence in rebuttal. The testimony of the state, it is expected, will be brief, after which arguments will be made, and the case given to the jury.

**Fishermen Make More Money.**  
SAN FRANCISCO, April 16.—After considerable negotiation the difference in the views in the Alaska salmon packers and the Bering Sea fishermen have been reconciled, a schedule of prices agreed upon that is said to be satisfactory to both sides.

**BRITISH AID INVOKED.**  
MADRID, April 16.—Messrs. Baguerre and Roper, British naval engineers, have held a long conference with Capt. Fernandez Nino, Minister of Marine, relative to the reconstruction of the Spanish navy. It is understood that British aid will be invoked in strengthening the coast defenses and improving the fortifications in the Canary and Balearic Islands.

**RUSSIAN SUSPECTS ARRESTED.**  
ST. PETERSBURG, April 16.—Twenty-five members of the fighting organization of the social revolutionaries were arrested here yesterday, among them being seven women. The majority of those taken into custody were recent arrivals in St. Petersburg, but one of them has been identified as an accomplice of the terrorists who made an attempt on the life of Premier Stolypin on August 25. The police attach importance to the capture.

# LAST DAY OF GRACE FOR JACK O'BRIEN.

Jack O'Brien, the last day of grace for the man who was the subject of the "Kid" Goodman, of Boston, here tonight, but not by the knockout route. He stayed through to the end, fighting gamely and taking a terrific drubbing.

The fast and shifty Chicago fighter gave Abe no rest from start to finish, and the Bostonian fought back gamely and showed an ability to take the gut.

HONEY MELODY, who is to fight Mike (Twin) Sullivan next week.

Jack O'Brien's last ultimatum was to the effect that he would fight Mike (Twin) Sullivan next week, and if he was not given the opportunity to fight him, he would leave the country. O'Brien is making no secret of the fact that he is determined to win the fight, and he is confident that he will be able to do so.

O'Brien's business and his fight with Sullivan are the only things that are keeping him in the country. He is confident that he will be able to win the fight, and he is confident that he will be able to do so.

## HUNDRED PIANOS GO TO SMASH!

Pacific Removal Sale Now On—Prices Slashed to the Bone With Extra Bid \$2 for \$1. to Induce You to Dig Up Cash.

We have got to move. The Sager building down street is almost completed. We have a lot to do without having to drag 100 pianos after us. It's a shame the bumps and bruises they would get before we could display them. As they are they are new, 1907 styles, just out of the factory, Wessner, Hazelton, Schaff, Crown, and best in market. Prices ranging from \$200 to \$500 will be cut to \$150 to \$425 during the sale. Pay \$20 cash, get receipt for \$40. Pay \$50, get receipt for \$100. On grands and self-playing pianos pay \$50, get receipt for \$100, or \$100 and get receipt for \$200. Yes, these cash credits apply on the cut prices. We are determined to make the inducements so great you dare not let the chance go by. If you ever intend to get a piano now is your time. Put \$20 to \$100 in your pocket and come right down. Get in while the lines are complete. If you wait even a day your choice might be gone. Tell your friends about the sale. Ask anybody about the Pacific and its entire reliability. To make it convenient we will keep open evenings till further notice.

## COLORADO TOBACCO.

Formerly Raised by Cliff Dwellers and Now Growing Wild in Abundance.

Prof. Fritz Knorr of the Colorado Agricultural College has found tobacco growing wild in greatest profusion in the Montezuma Valley of Colorado. Prof. Knorr is a native of Kentucky, and knows tobacco culture all the way from planting the seed to breaking the necks of the big green worms. While the attending farmers' institute at Cortez, in the Montezuma Valley, Prof. Knorr was asked to suggest a method for eradicating a very troublesome weed. He took a sample of the weed to examine and was amazed to see in it a very fine specimen of wild tobacco. It seems that none of the farmers there was familiar with the tobacco plant and did not recognize the obvious weed as the ancestor of the cigars they were smoking.

It is believed that tobacco was raised extensively in the Montezuma Valley ages ago by the cliff dwellers, the lost race that left so many evidences of their civilization and yet not a line of their history. The wild tobacco plant flourishes there in greatest profusion in vicinities thought to have been cultivated by the mysterious race and along what is believed to have once been their irrigation ditches.—(Kansas City Star.)

## Sanctification of Air Currents.

In connection with the ventilation of the House of Commons experiments carried out by Dr. Gordon have shown that the movement of air at a temperature of from 15 to 65 deg. Fah. at a speed of 1 1/2 feet per second is not felt by any one; at 1/4 feet per second is felt by only a very few sensitive persons; at 3 feet per second is felt by most; at 1/2 feet per second is felt by all; at 4 feet per second is felt a distinct draught. A speed of 1 1/2 feet per second has been adopted in the ventilation of the debating chamber.

## EARTHQUAKE MODEL.

Shows How the Earth Reconstructs Itself After a Quake.

A rather curious earthquake model is described in the Proceedings of the Royal Dublin Society by the Rev. H. V. Gill, who was attempting to show by experiment that a seismic disturbance in one part of the globe is likely to be followed by others in widely separated regions. Having constructed with great care a hollow tetrahedron to represent the spinning earth—and a number of small steel balls, he found that whereas, on dropping one steel ball into the tetrahedron an irregular motion was, of course, caused, yet that an even spin could be recovered by dropping in more balls. In each case the balls, whatever the number, took up positions equidistant from one another round the circumference. Mr. Gill suggests that the experiment supplies an analogy to what takes place when owing to a disturbance in the earth's crust there is a displacement of matter at some point in it. The effect of a single disturbance would be to produce a stress on other points round the earth's circumference, the points where the crust was weakest being the first to yield. If the first to yield were not diametrically opposite the original seat of the disturbance, the occurrence of the two disturbances would produce a displacement at some third point. In support of this theoretical conclusion Mr. Gill points out that the site of the three great disturbances of April, 1906 (Vesuvius, Formosa, San Francisco) were all situated on a narrow belt parallel to the equator; that the disturbances between them were comparable, and possibly also the intensities of the disturbance.—(London Post.)

THE CITY IN BRIEF

NEWS AND BUSINESS.

Get Cash and Gold. Joe Molina of No. 2300 Hunter street reported to the police yesterday that Monday night a man had taken \$300 and some gold ornaments from his room.

Alleged Woman Insulted. H. Pollock was arrested last night on Hewitt street on the charge of insulting women. The police say that he attempted to create a disturbance with every one who came near him.

Off for Whittier Road. The Board of Supervisors yesterday ordered that advertisement be made asking for bids to furnish the county 100 barrels of 14 to 16 gravity oil for the Whittier, Los Nietos and Norwalk districts.

Chinamen in Net. An Sing of No. 428 North Alameda street was arrested last night on the charge of violating the lottery ordinance. For a time the police have been seeking to abolish certain lottery games. Alameda street, but have found it difficult to secure evidence.

Call Him Inscrutable. J. J. Breslin, an alleged inscrutable, 14 years old, was arrested last night. He lived with his parents at No. 506 1/2 San Pedro street until recently, when he ran away. His parents could not induce the lad to work or go to school and at last found it necessary to seek the aid of the law.

Boy Falls Leg Fractured. While Emmitt Dolan was running along a alley in the rear of Hill street, near Ninth yesterday afternoon he fell and his leg was fractured just above the ankle. The lad was taken to the Receiving Hospital and, later, to his home, No. 301 South Broadway.

Application for License. The Board of Supervisors yesterday ordered the publication in various county papers of the applications for new liquor licenses. F. Bertrand asks for a retail liquor license for Newhall; William T. Newlands applies for a saloon license for the southeast corner of Manchester avenue and Main street; John D. Witter wants a renewal of his winery license at the old winery location, eight miles west of Palmdale.

Funeral of Capt. Home. The funeral of Thomas Home, late captain of Engine Company No. 12, will be held at 2 o'clock today at the church of the Nazarenes, Sixth and Wall streets. From 12 to 2 o'clock the body will lie in state at the church. A detachment of police under Lieut. Charles Dixon, a detail of thirty-two firemen and the members of the company No. 12 will act as escort. The fire commissioners will follow the remains to the cemetery.

Wants County to Improve. The Ninth Ward Improvement Association yesterday asked the Board of Supervisors to agree to the improvement of Griffin street, about the center of the county hospital tract. The association claims that other property owners on this highway, which is becoming an important one by reason of the new growth to the northeast, are anxious to secure the improvement of the street from Main street easterly, but that unless the county will agree to the project it will stand in the way of an important improvement. The Supervisors' Hospital Committee will act on the request.

Women's Secret Society. A convention of the chapters of the P.E.O. Sisterhood will be held in Conant Hall on the corner of Downey avenue and Daly street, near Los Angeles, this evening, and continue in session until Friday evening. This is a secret society of women, which originated in a college in Iowa. There are four chapters in this city, and eight in Southern California. The meetings will be secret except on Thursday evening, when a dramatic entertainment will be given and on Friday evening, when the ladies and their husbands and sweethearts will engage in a banquet.

REVIEWS. An exhibition of the paintings of William Keith, of San Francisco, is now on view in the Blanchard art gallery, 223 South Broadway, under the personal charge of W. K. Vickery, of Victoria, British Columbia. The many friends of Mr. Keith living in Los Angeles and Southern California generally will be glad of this opportunity of seeing some of the best pictures the artist has ever painted. Visitors will be welcome.

Next Saturday the remaining lots in Westminister Terrace, in the Wilshire boulevard district, on Western avenue, just north of Wilshire boulevard, will be placed on sale at public auction. This will mark an innovation in the methods of selling high priced real estate in this city. Map, regular price list and full particulars may be had at the office of Holmes-Wallace Co., 504 Grant building.

Eyes tested free and a ten-year old filled frame with hollow ground crystal lenses for \$1.50, worth \$2.50. The same frame with hollow ground crystal lenses for \$2, worth \$4. The new Chicago nose piece that never slips, with rimless lenses for \$2, worth \$3. I will cure your headache or neuralgia. Dr. Garfield, room 313 Grant bldg., 323 South Broadway.

It is not what you earn, but what you save that counts. If you want to save money on jewelry, hand bags, etc., we can help you. We have had been sold, and we are compelled to move. Everything goes at about half price. J. C. Fleming, 441 E. 1st street.

J. W. Fry has moved his stock of mantels, grates, tiles and andirons to his warehouse, corner Los Angeles and Tenth streets. Private automobiles are seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

Learn assaying, 318 E. First street. Dollar shop sale bulletin. Just received new shipment of women's fine goods shoes.

## MANY INJURED IN CAR CRASH.

Slip at Crossing Results in Spill of Blood.  
Vernon and Depot Trolleys Hit Near Depot.

## Officials of Railway Clook Affair in Mystery.

Nearly a score of passengers were injured in a street car collision at 8 o'clock yesterday morning near the Arcade depot at Central avenue and Fifth street. A Vernon car of the Los Angeles Railway Company, north bound, struck an Arcade depot car, of the same company, east bound. The crash was terrific. Passengers on the smaller depot car were hurled to the floor of the car and to the pavement and seriously hurt. Occupants of the other car were cut by flying glass. Slippery tracks on Central avenue, due to the operation of a street car, are said to have caused the accident. Disregard of the "near side" stop rule contributed.

The Vernon car was going at a high rate of speed, according to eyewitnesses. The motorman was frantically trying to stop his car when the crash came. He was hurled backward among several women passengers in the front end of his car.

The depot car of the depot car was smashed into splinters and the car was thrown from the track. A 1-year-old boy riding on the front seat was hurled from the car and a distance of twenty feet, to the curb.

PHILLOWS DAVE HIM.

The boy was carrying two pillows in his arms to be used on the train. These were instrumental in saving his life. He escaped with slight bruises and an injury to his left side. The boy's mother and father, who were with him, were also hurt. The trio caught the early morning train for the East. They refused to give their names to the police, but were identified by Thomas Doody of No. 516 Crocker street.

According to Mr. Doody, the collision was the direct result of the water sprinkler on the tracks. He said the Vernon car was moving at high speed. The crash was moving at high speed. The crash was moving at high speed.

## "SHOE STRING" WORRIES.

Charge Against Dairy Latest Problem in Newly-Annexed Strip—Officials Are Puzzled.

The "shoe string" is a source of worry to numerous city officials. It seems hard to make satisfactory ruling regarding this newly-annexed district. Formerly it was the hunting ground of the dog catchers and pound officers, who swooped down on live stock as far away as Gardena, until Mayor Harper forbade their interference.

Yesterday the Health Department wrestled with a case which is in the city, and yet fifteen miles away. Complaint was made that Heisterman's Home Dairy was in an unsanitary condition, and an inspector was sent to investigate. The dairy lies in a basin at the north edge of San Pedro, near the city line, and is a pond to form on Heisterman's ranch, and a San Pedro citizen, the rear of whose property is within 120 feet of the city line.

The inspector found that while Heisterman's barn, corral and milk house are technically in Los Angeles, he sells all his product in San Pedro. Under these circumstances, it is doubtful if he could be dealt with by Los Angeles authorities, even if conditions were not wholesome.

"We could only act," said Health Officer Powers, "in the event of its constituting a nuisance, and then we could abate it. As the milk does not

## EMBARRASSED IS "BEST MAN."

Bride-elect Is Not One Who Invited Him.

British Army Captain Does Own Choosing.

## Rhyolite "Judge" Has Very Queer Letter.

Feeling vastly embarrassed at the turn events have taken, "Judge" J. S. Lindsay, one of the best-known business men of Rhyolite, Nev., is treasurer of a letter nominating him "best man" at a wedding which was expected to take place between Capt. H. B. Holland of the Colonial division of the British army, and Miss Ella Wood of Los Angeles and San Francisco.

But the wedding is not to be. That is, the participants are not the same. Instead of Miss Ella Wood, Capt. Holland will marry Dr. Margaret Croose, some time of New York, but

more bride-to-have-been, understood that her sister was to marry Capt. Holland. She wrote "Judge" Lindsay, telling him that her sister was about to be married, and asking him to look her up at No. 235 South Grand avenue, as she desired him to act as "best man" at the approaching wedding. The oddity of the bride selecting the "best man" was explained on the ground that Capt. Holland knows very few people in this city. "Judge" Lindsay was astonished to hear that he was to be plunged into a whirl of matrimony on such short notice. The letter, dated at Hotel Imperial, San Francisco, April 5, and signed by Bessie Wood, reads: "Instead of finding my sister here, I find a letter telling me she is to be married this week to Capt. H. B. Holland of Johannesburg, South Africa, who happens to be stopping at your hotel. If you have the time I would be glad to have you look up my sister. They might need a best man, don't you know. You will find her at No. 235 South Grand avenue."

Upon receipt of this letter, "Judge" Lindsay inquired of Capt. Holland. He had not arrived, but the inquiry was scarcely over before the Englishman entered the hotel and registered. Shortly before him Dr. Croose had registered and been assigned a room.

Lindsay was about to send his card to Capt. Holland, and introduce himself when he heard the name of the bride-to-be. He inquired further and ascertained that the marriage is soon to take place. Bewildered, Lindsay dashed out to No. 235 South Grand avenue, and was told that Miss Wood had left the city, and was probably in San Francisco. Lindsay was puzzled. He discreetly thrust the letter into his

## "UNCLE JOHN" PIPING HOT.

Bryson Enraged at Charges Made by Family.

Denies He's Mentally Unfit or Dupe of Woman.

## Big Sensation Is Promised When Case Comes Up.

"Only a sister and nurse and friend to Bryson" come the indignant retort of "Uncle John" Bryson from his retirement; he is not in hiding. Yesterday "Uncle John" made his first public reply to the charges that he is mentally incompetent, and that his lady friend, Mrs. Lamberton, is wheedling his property away from him.

Taking arms against his wife and children, who are petitioning to have a guardian appointed, "Uncle John" has sent a well-known San Francisco attorney, Charles F. Hanson, to this city to fight the case.

Bryson is still at Paso Robles with his friend, Mrs. Lamberton. His attorney says he never was in hiding there. He says the Bryson family all knew he was going there, and bade him goodbye when he started a week ago last Sunday.

"Dr. J. W. Trueworthy of this city ordered Dr. Bryson to go to Paso Robles for a rest," said Mr. Hanson yesterday at the Hotel Alexandria.

"The whole family knew he was going and said good by to him. Bryson had not the slightest suspicion at that time they were going to petition to have a guardian appointed for him."

"On account of the washouts, Bryson could not go at once to Paso Robles, but had to go first to San Francisco, and then double back down the coast. By his physician's orders he stayed over a few days in San Francisco to take a rest. Wherefore the report that he was in hiding."

"UNCLE JOHN" WRATHY.

"He did not see the reports in the papers at the time the application for his guardianship was first made. It was not until a friend wrote him the news in a private letter that he found out what his wife and children were up to."

"Unnecessary to say, 'Uncle John' was filled with wrath."

"He incompetent?" shouted Uncle John. "Well, I have made one fortune from which they have been living all their lives. I can go out and make more money than those boys of mine ever could."

Mr. Hanson says that "Uncle John" is fighting blood is up and he proposes to make a fierce contest in court April 27, when the application for a guardian is to be heard.

That Mrs. Lamberton is hypnotizing him and taking his money away, caused Uncle John a loud burst of denial.

Regarding this delicate subject, his attorney made the following statement:

In 1904, Mrs. Bryson sued Uncle John for divorce, claiming that he was cruel and alleging improper relations with a woman named Lella Latta. That was never came to trial but Bryson equally divided all his property with his wife.

"As he was older than an old man and had to have some one to take care of him, Uncle John employed Mrs. Lamberton—more as a nurse and friend, you know."

"She was a divorced woman and had a little girl. It seems that she was a penniless adventuress. At the time of her divorce she got about \$10,000 as her share of her husband's property. The house on Bonita street which has been so much talked about was her property as the result of the divorce settlement. She never gave it to her as stated. It was never his to give."

"Of course, he has given Mrs. Lamberton many handsome presents. He is fond of her and she is fond of him. She has been very good to him and has saved his life more than once by her careful nursing."

"If she has had the power to wheedle his property away, I must say that she has shown singular self-restraint. She has never got and she is not even mentioned in Bryson's will. I am not at liberty to state what the terms of that will are, but I can say positively that Mrs. Lamberton will not get a cent of it."

"Mrs. Bryson came to look out for 'Uncle John,' they went to Europe together and her little daughter and one of Bryson's sons were with them. I want to say that a big sensation will be spring when this case comes to trial. 'Uncle John' will show up and he will be competent. The full details of what we intend to show are not ready for the public; I can say that one of Mrs. Bryson's attorneys will be involved. We will show that he is trying to get possession of the property."

"Mr. Bryson is justly indignant that they wait until his back is turned and then they go and do this. As a matter of fact, he is much more competent than his wife, who is no longer competent to manage anything. In spite of their trouble, Mr. Bryson has always treated her kindly, sending her presents every year."

## STREET VACATIONS.

Board of Supervisors Amends Rules on Procedure May Be Modified and Work Lessened.

The vacation of unused streets and alleys in the county has been the source of much vexation of private owners and county officials as well, for some time past, because of certain regulations of the Board of Supervisors. Yesterday the board voted to rescind the rule and thus to simplify procedure.

When streets have been vacated heretofore this order has been conditioned upon the petitioner filing a certified copy of the order of the Supervisors, with a map of the vacated road or alley, with the office of the County Surveyor.

This is not demanded by the State law, but is purely a county provision. It has caused much confusion, for the reason that people interested in road vacations think that when they have completed the requirements of the statutes and the Board of Supervisors have ordered the vacation that suffices. As a result many cases have piled up where the final certified order and map have never been filed, and in the cases where this has been done County Surveyor Noble claims it has been of no real use to the office of the public and has tended to greatly increase the work of his department.

Hereafter the order of the board for a vacation will be sufficient to close the matter.

"Judge" J. S. Lindsay, at the left, the embarrassed "best man," and Capt. H. B. Holland, who declines to let anybody else choose a bride for him.

come to Los Angeles we have no supervision over it."

For this reason, says he found the general condition of the dairy very fair, though not complying with the rules in some respects. The pond, he said, was a modern one, and was surrounded with a fence and a rather clear water, although stagnant. In time it will sink into the ground, and he thinks it would be an unnecessary hardship to make the property owner drain it.

## WHO GETS CADAVERS?

Board of Supervisors to Throw Right Restraints Around System of Giving Out Bodies.

Who shall have the privilege of cutting up dead human bodies? This question has bobbed up before the Board of Supervisors. According to members of this board there is a keen rivalry between certain schools or individuals in Los Angeles, as to who shall have the privilege of taking unclaimed corpses from the County Farm or County Hospital for dissection.

The State law has been so amended that the osteopaths may now have the same privileges in this regard as the medical schools. There have also been filed with the board within the past week applications for bodies from the College of Physicians and Surgeons, the College of Medicine of the University of Southern California, and William Curtis Brigham.

Asst. Dist. Atty. Shaw yesterday notified the board that it could grant such requests upon the approval of the board. The board has also been filing of a bond with two responsible signers as surety for good conduct, etc.

That the rivalry, which they declare exists, will lead to some sort of scandal over the disposition of dead bodies, the Supervisors are considering the placing of at least \$1000 as the amount of the bond to be filed.

## NOT SETTLED YET.

Los Angeles Men Indicted for Alleged Land Frauds May Have to Go to Oregon.

The recent decision of the United States Supreme Court in the cases against the several prominent Los Angeles men who are under indictment by the Federal grand jury in Oregon, while a temporary victory for the defendants, did not settle the matter finally. A special dispatch to The Times last night from Portland says that United States Attorney Bristol has notified the board of the Attorney General at Washington to the effect that the decision granting writs of habeas corpus to the defendants, William D. Gould, David M. Goodwin, Warren Gilliland and R. W. Kenney, as without prejudice to the government's right to prosecute for the removal of the defendants from Los Angeles to Oregon for trial upon an indictment charging conspiracy to defraud the government out of lands in Curry county.

Under the ruling of the Supreme Court, says Mr. Bristol, the government is now free to begin proceedings again and present enough of its case to show probable cause for bringing the men here from Los Angeles for trial. In the former proceedings the government sought to secure an order of removal on the indictment alone as prima facie evidence of the commission of a crime.

more recently of Beatty, Nev., and the ceremony is to be conducted within the next few days.

Meanwhile, in a mass of bewildering reading and rereading a letter, which says that he is to be the "best man" at the affair.

The three parties concerned are now staying at the Alexandria. Lindsay has been in the city for the past week, and Dr. Croose and Capt. Holland arrived yesterday at different times. Then the story of the change in brides came out.

Capt. Holland is a large, fine looking young man, who has been in the United States about three years. He came to Los Angeles to see his mother, who spent ten days or so in the city. While here it is claimed that he became acquainted with Miss Wood. Capt. Holland claimed he met the young lady only once or twice, and that not the slightest mention of marriage or anything of the kind was made. He says he is astonished that there should be a claim that he has ever intended to marry Miss Wood.

## SHRINERS CAPTURE ALL COLONIST CARS.

CLONISTS bound for Los Angeles would better hurry up if they desire to take advantage of the special colonist rates from the East to California. The Nobles of the Mystic Shrine have cut them out.

These special rates for colonists are to remain in force until the last day of April, but after April 27 there will be little chance of their being taken advantage of.

Every extra Pullman sleeper, every extra Pullman coach, every extra Pullman car will be held in reserve after that date for the one-hundred and odd special trains which will bring the Shriner to Los Angeles.

Yesterday President E. F. Ripley of the Santa Fe was in conference at the local offices of the road with General Manager Wells and other officials. "It is a problem, and an expensive one, but the Shriners have to be brought here, and they have to be taken away. That means two trips each way, with empty cars going after bringing them, and empty cars coming to get them," said Mr. Ripley.

ORDER TO STOP.

From the offices of the Santa Fe Passenger Department was sent out word to all Santa Fe agents in the East not to sell colonist tickets for use after April 27, for the reason that on that day will be cut off all special sections heretofore used in the colonist traffic.

"Colonists will have to make up their minds to start a little earlier and not wait for the rush at the last moment," said Passenger Agent Ripley yesterday.

There is one effect which the rush of the Mystic Nobles will have on Los Angeles business affairs, and that is that along the various lines of transcontinental roads over which the special Shriners trains will be hurrying from all points of the compass except West, all freight trains will be sidetracked and for practically a week they will be held up and merchants with hurry orders for goods will have to wait.

All Shriners Specials will have the right of way.

and awaited developments.

Capt. Holland, when seen last night in his room, stated that he had never had the slightest intention of marrying Miss Wood. That was never came to trial but Bryson equally divided all his property with his wife.

"As he was older than an old man and had to have some one to take care of him, Uncle John employed Mrs. Lamberton—more as a nurse and friend, you know."

"She was a divorced woman and had a little girl. It seems that she was a penniless adventuress. At the time of her divorce she got about \$10,000 as her share of her husband's property. The house on Bonita street which has been so much talked about was her property as the result of the divorce settlement. She never gave it to her as stated. It was never his to give."

"Of course, he has given Mrs. Lamberton many handsome presents. He is fond of her and she is fond of him. She has been very good to him and has saved his life more than once by her careful nursing."

"If she has had the power to wheedle his property away, I must say that she has shown singular self-restraint. She has never got and she is not even mentioned in Bryson's will. I am not at liberty to state what the terms of that will are, but I can say positively that Mrs. Lamberton will not get a cent of it."

In spite of their trouble, Mr. Bryson has always treated her kindly, sending her presents every year."

There will be busy times at the three transcontinental depots when the specials bearing delegates and their families from all parts of North America begin to arrive. Railroad officials who have been handling the problem of transportation and who are every effort to provide against congestion, have scheduled many of the specials to arrive early on Sunday, May 6. Prior to that time there will be hundreds of Shriners already established in headquarters, and these are to act as reception committees and escorts. The Arab Patrol and the Bendouh Patrol of this city and Islam Patrol of San Francisco have been assigned to this duty by Foremaster Motley H. Fink, and every delegation arriving on that day will be warmly greeted by committees. Special cars will convey the ladies of each delegation to their respective hotels and the Shriners and visiting Patrols will march, escorted by one of the patrol.

The Shriners of Riverside will meet all special trains arriving over the Salt Lake road with a preliminary greeting. Gifts of fruit and flowers will be distributed with lavish hand, and notice of their impending arrival will be conveyed to this city in order that the committees may be on hand.

One of the most difficult problems encountered upon occasions of this kind is the prompt handling and delivery of baggage. Under ordinary conditions the baggage departments of all railroads entering this city would be swamped within twenty-four hours, but the arrangements made provide for scores of helpers who will work day and night and special conveyances to clear away the contents of baggage cars immediately upon their arrival.

Earlier arrivals will be given all day to rest, to prepare their headquarters for the reception of visitors and to exchange visits with the brethren of other delegations. By nightfall the arrivals of the day will have numbered thousands, and many of the hotels will be crowded to their capacities.

### SHRINERS GET CARS.

(Continued from First Page.)

When cut-off will probably be the last extension of the Santa Fe for some time at least.

"We have no work under way for the extension of the Santa Fe line," asserted Mr. Ripley yesterday after his conference during the afternoon in the local office of the road. "We don't contemplate any, either, at least not at present."

President Ripley stated that the Santa Fe did not intend to join in any proposed new railroad building eastward from San Diego.

"I hope those people get their new road. They have thought for a long time that they have not been fairly treated. I hope they get their road and a good one. We haven't any interest in the matter," he said.

Mr. Ripley insisted that his trip from his winter home in Santa Barbara to Los Angeles had no special significance, but was just an ordinary business trip. He expects to make a trip East soon, where his family has already preceded him.

**COAST LINE LIMITED.**

For the first time in months the Southern Pacific was all in good running order yesterday and the Shore Line Limited to San Francisco, by way of Santa Barbara, started on schedule at 4 o'clock a. m. for the first time since the cave-in at the Santa Margarita tunnel about three weeks ago. The regular Coast line schedule went into operation yesterday as before the accident.

"We are in good shape again and the trains are coming in as fairly good time," stated District Passenger Agent N. P. Martin.

### POSTPONED ACTION.

Senator W. A. Clark started yesterday for his congressional prospects at Jersey and will not take up business matters in connection with the Salt Lake route until his return. There is some question of changing the route of the Salt Lake tracks through Meadow Valley, as told in The Times last week, but this, as well as all other questions, will be left for a decision later.

The Salt Lake is quickly recovering from its long enforced idleness in through traffic. The delayed freight trains are coming in every day and the passenger schedule is in good shape again. The Los Angeles Limited, which is one of the best equipped trains between this city and Chicago, is now in daily service again. The Salt Lake has prepared an illustrated little book about this train which is a work of art from a railroad or any other point of view.

### OFFICIAL OIL RATE.

It was stated yesterday in oil circles that the Santa Fe was charging \$1 a ton for oil as a freight rate from Los Angeles to San Diego, but only \$1.75 a ton from Redondo. At the general freight office of the Santa Fe yesterday the rate given for oil to San Diego was \$1 a ton on crude from this city, and \$1.45 a ton from Redondo. There are estimated six barrels to the ton.

### ITALY ON THE DEFENSIVE.

MADRID, April 16.—The Minister of Marine, in an interview today, declared that the naval programme to be presented at the opening of the Cortes, comprised free expenditures amounting to \$14,000,000 annually for several years. The appropriations approved by the naval committee included the construction of a defensive squadron, improvement of the coast defenses and the reorganization of the arsenal. It is understood that the total appropriations demanded amount to \$44,000,000.

## Sample Curtains

**Surprisingly Reduced --- 50c Each**

The other day we bought a thousand manufacturer's sample curtains, not so much because they were offered to us far under worth as because we saw at a glance how splendid the values were.

And now we pass the good luck along to you, in the shape of perfect, fresh, stylish curtains, 12 to 2 yards long, many of them in pairs, at 50c apiece, though their duplicates, in our regular stocks, would have to fetch \$3 to \$7 a pair. They're in a Broadway show window today.

## New "Home Made" Undermuslins

**At Extremely Reasonable Prices**

Coulter undermuslins are chosen for critical women, who appreciate fine materials and dainty needlework. In the "Home Made" brand we know we have secured the very finest, goods that will stand hard service, and being made by highly skilled employees on lock-stitch machines, under wholly sanitary conditions. While the range of prices is wide, even the least expensive garments are tastefully and carefully trimmed, while the exquisitely fine work on the higher priced styles closely imitates real hand embroidery. They're laid out on long counters, so you may compare and inspect to your heart's content.

Gowns range in price from \$1.25 to \$16. Space for only one or two descriptions; materials used are English longcloth, cambric and nainsook.

**\$1.25** Chemise style, with 3/4 sleeves; embroidery, beading and ribbon.

**\$2.50** Round low neck, kimono style, with fleur de lis bands.

**\$5.00** Of fine nainsook, solid yoke and puff sleeves of embroidered swiss, beading and ribbon.

**Miss Jamea Triumphs in the Consolation Event.**

It a prophet, or the son of a prophet would venture to forecast the golf situation as it will stand at noon today in the play for the women's championship of California, the four names on the tip of his tongue would be: Mrs. H. H. Sherwood, Mrs. Edmund

ton. Her heavy clubs are wielded by her with a sure and accurate swing. She plays a strong game, and the saving of her club is clean and spectacular.

Mrs. Sherwood was pitted against a notable opponent, Mrs. Florence Ives of San Francisco, winning from her by 7 up, and 5 to play.

**OVERSIDERS' CHAMPION WINNERS**

Mr. and Mrs. Frank West, of the Ritz West, is a typical golf girl, with winning personality, and splendid physique. She defeated Mrs. J. Leroy Nickel by 5 up and 1 to play. Mrs. E. M. Brown, of the Ritz, defeated Guy R. Fran, 5 up and 3 to play. Mrs. F. R. Root won from Mrs. Howe by default.

The players of the morning teared on their laurels when the afternoon contest began, and took to the links the piazza of the clubhouse, or played bridge as an offset to the excitement of the game.

In the consolation handicap the seven who had been disqualified the previous day, found full compensation in another, not contested. An interested man, who had been faithfully accompanying the players around the links, brought in a new player, Miss James.

"Miss James is driving like a fiend," he announced to the assembled company, and she was seen to have put a cross on her back to help the

The play has narrowed down to eight, and in the minds of the golf experts, it was a foregone conclusion from the beginning that these eight

contest yesterday. From the first tee she made a clean, long straight drive way over the hill. Mrs. Griffith won from Mrs. Connelly by 2 up with 1 to play.

The next pair to start was Miss Smith and Mrs. H. D. Requa, partners having been drawn to make a perfectly fair division. Miss Smith put up a scientific game. "She plays beautiful-

ly," was heard on every side. She was in perfect form, and there is really a good chance for this little maid to win distinction in the finals. She defeated her opponent 9 up and 7 to 0.

The Southern California champion, Mrs. Herbert Munn of Coronado, defeated Miss C. E. Coleman, San Jose, and

ated Miss O. E. Coleman, 6 up and 3 to play. Mrs. Munn is an active little lady and her play is as regular and relentless as clockwork. She belongs to five country clubs and plays golf as regularly as she goes to her

self as regularly as she eats her breakfast. Her skill has become, almost second nature, and she was as fresh as a daisy after making the rounds of that three-and-a-half-mile course.

Pretty little Mrs. Maule played in fine form yesterday, defeating Mrs. W. J. Gilmore by 5 up with 3 to play.

The links of the Los Angeles Country Club are a test of skill in the winter season, for a drive must land the ball where it should land, if one would win. There is no chance of the roll

CLIP- tures floated above, or lit lightly on the greenery and flowers. About the dome floated lights shaded with yellow sun blossoms, and from the center was suspended a huge golden and black butterfly exemplifying the Austrian colors, to which nation the hostess belongs. From the dome a canopy of scarlet tulle wound with asparagus ferns spread, and from this

friends, Rev. J. W. Utter, officiated and the church was beautifully decorated with a profusion of potted plants and ferns and rare blossoms. The bride was given away by her cousin, Charles O. Goodwin. Miss Jeanette Yager was the maid of honor and was attired in a gown of pink with lace trimmings and carried pink flowers. The bridesmaids were all gowned in pink and included: Misses Grace Blackburn, Edna Leary and Anna Grubbs. Richard Blackburn acted as best man and he was assisted by Messrs. Arthur Reed and Arthur Cardwell. The ushers were Dr. Charles Garvin, Otis Green, James Bridges, Ray Scutland, George Webb, Randolph Schmitt and Harry Schmitt.

The bride is the only daughter of Mrs. Katherine Goodwin of No. 1005 South Broadway, and has resided in Los Angeles many years. The groom is connected with the W. H. Hutchinson Company. Immediately after the wedding, Mr. and Mrs. Palmer departed for Santa Barbara, and on their return will occupy a pretty cottage at No. 2624 Leta street, after May 18. The cottage is the gift of the bride's mother to the couple.

**Weds San Francisco Girl.**  
Miss Rose A. Gray, daughter of Dr. Gray of San Francisco, last evening became the bride of Herbert E. Royston of this city. The ceremony took place at the home of Harry Wells French, Rev. Joseph Glass of St. Vincent's Church officiating. Mrs. F. D. Stevenson played the music and Miss Emma Haynes acted in a princess gown of white, was maid of honor. Edgar Deardon was best man. The bride's gown was of white point d'esprit over silk and she carried a bouquet of white roses. The ceremony was held at the home of the bride's parents at No. 1317 Georgia street.

**Sagar-French Nuptials.**  
Last evening the home of the bride's mother, Mrs. A. M. Sagar, of No. 1525 De Long street, Miss Irene Sagar, became the bride of Harry Wells French, Rev. Joseph Glass of St. Vincent's Church officiating. Mrs. F. D. Stevenson played the music and Miss Emma Haynes acted in a princess gown of white, was maid of honor. Edgar Deardon was best man. The bride's gown was of white point d'esprit over silk and she carried a bouquet of white roses. The ceremony was held at the home of the bride's parents at No. 1317 Georgia street.

**For Miss Peacock.**  
Mrs. Roland Paul entertained yesterday at her home, No. 1824 West Washington street, with a luncheon as a compliment to Miss Olive Peacock, who on Thursday is to become the bride of Edward W. Peacock. The bride and the place cards were sketches of Miss Peacock and her bridesmaids. The luncheon was served by Mrs. J. F. Stewart, Samuel W. Scheidt, Harry von Bergen, V. M. Shradler and Misses Metzger, Helen Wachter and Ethel Shradler.

**Gives "Lucky Party."**  
One of the charming events of the week was the affair at which Miss Irene Stewart entertained by giving a "lucky party" at her home, No. 408 South Cummings street. The parlors were profusely decorated in shades of pink and roses and ferns, gold porcelains and clove leaves, being artistically arranged about the room. The guests were arranged on the porch. Miss Stewart was assisted in entertaining by Miss Lillian Blood, Miss Edna Leary and Miss Belle Marsh. These guests were the Misses Jeanie Strubling, Emily Standish, Mary Hutchinson, Bertha Cheek, Allamette Cheek, Willie Burke, Belle Marsh, Lillian Blood, Grace Brown, Blanche Stewart, Beattie Stewart, Nina Chadwick, Clara Keller, Jose McCalland, Irene Ramsey, Genevieve Kemp, Mosses, Blake Gregory, Jess Carr, Milton Wisdom, Willie Blood, Ernest Cook, Harry Marshall, Walter Stewart, Elmer Standish, Bertha Cleveland, Walter Joseph, Al Alexander, James Paul, Malcolm Crowe, Claire Kemp, Edward McKee, Will Newkirk and Walter Burke.

**For Alexander.**  
The ladies of Westlake Methodist Episcopal Church will give a reception on Thursday evening at the home of Mr. and Mrs. William J. Hole, of No. 1525 West Ninth street, in honor of Mr. and Mrs. J. R. Alexander of No. 1228 West Ninth street, who are leaving on an extended trip to British Columbia.

**Alpha Chi Omega Reception.**  
A select social affair was given at the University of Southern California, when the Alpha Chi Omega Sorority held its reception. The color scheme was red and green, and the halls and dining-room were transformed into a bower of beauty by the use of red and green. hung many of the bright-winged butterflies, gently swaying in the rhythm of the music. Over the mirrors, hung pale green vases filled with delicate fern fronds, which framed the mirrors, and on the green perched many jeweled butterflies. The musicians sang sketches of Miss Peacock and her bridesmaids. The luncheon was served by Mrs. J. F. Stewart, Samuel W. Scheidt, Harry von Bergen, V. M. Shradler and Misses Metzger, Helen Wachter and Ethel Shradler.

After the supper, which was served early in the evening, the entertainment led by Harry Kramer began. It was indeed a beautiful sight, the many fancy figures, from the one beginning with the natural flower wreath, to the ending one, where the man with mask and pistol held up his fair partner. There were sixteen boys for the ladies, of every hue of the rainbow; for the girls dainty fans and hats, and butterfly wings and Japanese lanterns, and ribbons and flowers, and particularly charming, were the tiny silver match boxes for the men in which were concealed just three tiny imported matches, signifying the old adage that "all things are three," and for the girls, dainty little purses containing "bon-bon" sweets to the sweets. Kammerer's orchestra, consisting of twelve pieces, was employed by nearly three hundred. The programmes were in shades of red and gold. A special guest of the evening was Hon. Henry Beech of Bristol, Ct., who is also a guest of the Inghram's.

**Entertain for House Guests.**  
A musicale and tea were given yesterday afternoon by Mrs. Abner L. Ross and her daughter, Mrs. Herbert Leslie Harris, at the home of the latter, No. 1009 South Alvarado street. The function was planned in compliment to Mrs. L. M. Casady of Muncie, Ind., and Mrs. Carrie Antrim of Dayton, O., who are the house guests of the Rosses. The beautiful new home of Mrs. Harris is trimmed with rare blossoms, potted plants and ferns used in profusion. In the drawing-room, pink and white Maman Cochet roses were utilized in charming effect. Nasturtiums in yellow and reds prevailed in the hall and in the dining-room Henriette roses were used in profusion. Red roses formed the center-piece and the candelabra were shaded with red. The buffet and cut glass cabinet were banked with red roses and buds. Yellow roses and ferns decorated the den. An orchestra furnished music. Those who presented the musical programme were: Messrs. Robert Smith, Anna Virginia Metcalf, Hecker, Alfred Metcalf, and Miss Ethel Mitchell.

**Notes and Personal.**  
Mrs. Katherine Wilcox of Santa Flower street entertained last evening for a group of members of the Swastika Club. Miss Katherine Mitchell entertained recently for a group of members of the Swastika Club. Miss Katherine Mitchell entertained recently for a group of members of the Swastika Club.

**Miss Isaac's Bride.**  
A wedding was solemnized Monday evening at the home of Rev. E. F. Thomas of No. 3014 North Broadway street, when Miss Getta Isaac and John Griffiths were married. Rev. Thomas performed the ceremony, and Miss Mary Lassar acted as maid of honor. Richard Hughes acted as best man. Both the bride and groom are well known among the Welsh of the city, the bride being a talented vocalist. The decorations were pleasing and artistic. After the ceremony there was a reception and supper, a large company of friends being present.

**Goodwin-Palmer Nuptials.**

**THE QUESTION**  
Why is it that the Marshall & Stearns (Inc) 6% Preferred Stock is offered AT PAR while the daily papers are full of offers of various stocks at from 1c up a share ? ? ? ? ?  
This is a fair and opportune question---an interesting one, too---and the answer only strengthens the contention that the Marshall & Stearns 6% Preferred Stock is the best the safest and the wisest "buy" on the local market today, both for the large and the small investor.

**THE ANSWER**  
BECAUSE the Marshall & Stearns 6 per cent. Preferred Stock is WORTH MORE at par than the other stocks are worth at the way-below-par price.  
The Marshall & Stearns Company (inc.) is doing a legitimate business ALREADY earning the opening dividend on the 10,000 shares (at \$10 par) of 6 per cent. Preferred Stock offered. And is also ALREADY earning a like dividend on the 10,000 shares of Common Stock to be given AS A BONUS with the Preferred Stock sold---one share of Common Stock with each share of Preferred Stock. To be more precise, the profits on the orders NOW ON HAND are sufficient to pay 6 per cent. dividends on these 20,000 shares of Preferred and Common Stock nearly FOUR TIMES over. PONDER over THIS!!!!

The Marshall & Stearns Company does not promise 50 per cent. dividends in 6 months or a year---such reckless promises are left to the promoters of air-castle, stock-jobbing "schemes"---but the management has every reason to believe that the unprecedented demand for its PATENTED FIXTURES will create a business that will eventually pay a large dividend, making the stock worth many times its present value. EVERYBODY sleeps in a bed, and as the Marshall & Stearns Company has a bed that EVERYBODY wants to sleep in, the world is its market. The whole proposition is founded on the manufacture of a legitimate patented article for which a tremendous and ever-increasing demand has been created, both in this country and abroad. PONDER over THIS!!!!

The Marshall & Stearns 6 per cent. Preferred Stock is not "jumping" and "soaring" 100 per cent. in value in 24 hours, but is a stock that is bound to steadily gain in value and net its holders REAL money. The Marshall & Stearns 6 per cent. Preferred Stock is not a speculation, but an INVESTMENT. PONDER over THIS!!!!

THE PULLMAN PALACE CAR COMPANY, one of the best dividend-paying propositions in the United States, started in exactly the same way as did the Marshall & Stearns Company three years ago. The Pullman Company, however, only had the chance to sleep the TRAVELING public, while the Marshall & Stearns Company proposes to sleep the ENTIRE public. PONDER over THIS!!!! And then---

# Today, Ostrich Plume Sale

\$35,000 Worth of Beautiful, Rich Plumes—Entire Output of a South African Ostrich Farm at

## LESS THAN PRODUCER'S PRICES

This is an event that no woman within reach of the Marvel can afford to ignore. It's the greatest collection of ostrich feathers ever brought to the coast. We have contracted for the entire output of a South African ostrich farm. We buy fully 25 per cent. under the market by making this contract. The quantity is enormous—it would stagger most dealers. The only basis on which we can hope to succeed is to undersell others. We do it every day, but today we undersell ourselves. We must hustle these plumes into other hands at once.

**Plumes Popular**  
Fashion always favors plumes for millinery. But never were they more popular than now. All colors, including black, white and shaded plumes, will be offered in this sale.

An ostrich plume is the most economical millinery investment a woman can make. It carries more style than any other form of trimming and lasts for years.

the late William K. Carlisle and grand-daughter of the former Speaker of the House of Representatives and Secretary of the Treasury under Mr. Cleveland, with whom she makes her home in this city. Her debut was made under the chaperonage of her paternal grandmother in New York, and was followed shortly by the latter's illness and death. Hence, Miss Carlisle and her younger sister have not been much in society. No date is set for the wedding, though it will probably take place before the hostess begins its summer wanderings.

All roads led to Fort Myer Wednesday afternoon, the occasion being the annual entertainment given by the Women's Army and Navy League. Two cavalry drills were given and there were besides dancing, a continuous vaudeville performance and a play similar to that familiar to frequenters of the theatre. The younger set sold candy and flowers or performed vaudeville stunts in order to beguile the quarters and half dollars from the pockets of the unwary. Prominent among the patronesses of the affair were Misses William H. Taft, Victor Metcalf, George Devey, J. Franklin Bell and the wives of all the army and navy officers stationed in or near the city.

The Perry Belmont incident at the Cherry Chase Club has been the topic of conversation wherever two or three were gathered together until every one is bored to death by the very thought of it. And yet the end is not in sight. This too, when there can be nothing but conjecture about the whole affair, as the esprit de corps silences every member of the club. A digression came with the arrival of Mrs. Ida von Claussen, who is here on one of the most remarkable missions that ever brought a member of the fair sex to Washington.

While these things are bothering the heads of their elders, the younger set is busy welcoming a belated debutante, Miss Isabel Magruder, daughter of Dr. and Mrs. Alexander Magruder, whose coming-out party was originally planned for December 2, but was delayed by the illness of the bride. She was finally "presented" at a tea Monday afternoon. Mrs. Magruder was assisted by Mrs. Horace Westcott, Mrs. Charles Bromwell, wife of Maj. Bromwell, U.S.A.; Mrs. Richard Hooker, wife of Lieut. Hooker, U.S.N.; Mrs. Jack Piddle and half a dozen of the season's early debutantes.

**GRACE PORTER HOPKINS.**  
**WASH AWAY INJANITY.**  
**A New Theory to Be Tested at an Almshouse in the Quaker City.**

Treatment of the insane by water with the idea of washing away insanity is an innovation in the new quarters for the insane at the Philadelphia almshouse. Dr. Copli, director of the department of health, is confident of the success of the movement.

The plant is designed primarily for the treatment of cases of acute mania by a system of bathing, by which the body of the patient is kept completely submerged in running water for as long a time as is deemed necessary to effect a cure. The plant, in its present form, is composed of a number of rooms, of which two are specially set aside for this kind of treatment.

In each bathroom a hammock is arranged, on which the patient's body rests. Above are hot and cold water faucets, with a thermometer attached for gauging the temperature. There is a special appliance for emptying the tub instantly. The water generally is kept at a temperature of 100 degrees and is kept continually flowing.

The patient remains in the hammock for a period varying from four to eight hours at a time. At the end of each period he is taken from the bath and placed on a cot, rubbed down and allowed to rest for half an hour.

He then is returned to the swinging hammock and immersed in water. The only purpose for which he is taken from the water is an occasional rest. His meals are given to him in the bath.

The head, which rests on a circular rubber cushion, is the only portion of the body not submerged.

**DETECTS COLORS BY TOUCH.**  
**A Remarkable Development of the Sense of Touch by a Blind Weaver.**

Henry J. Smith of Wexall, Pa., who was blinded twenty-two years ago in a premature explosion in a large quarry, has become an expert carpet weaver.

His annual average is nearly seven hundred yards, and since he lost his eyes he has woven thirty-one thousand yards for neighboring farmers.

It is a wonderful spectacle to see him separate the different colors of carpet cloth. This he does with his fingers, for he has the art of feeling the colors. After he has them separated they are put in different boxes, and here he can instantly tell by the size of the box without feeling so deliberately what color he is dealing with.

He is getting so accustomed to his work that he is able to weave finer cloths, such as towels and table cloths, and his ingenuity has been shown in a beautiful specimen of table cloth, which he wove from flax spun by a Worcester township woman.

**AN HISTORIC BOOK.**  
**Volume That Formed Part of Napoleon's Library at Helena Now in Berkeley.**

Hidden in the shelves of the library at the University of California, a book on mathematics formerly owned and used by Napoleon Bonaparte has been discovered by a number of students who were examining the contents of the shelves.

Besides the imperial seal of the Emperor Napoleon, there is the French coat of arms and the inscription "This book belongs to Napoleon Bonaparte." On an inside page are the words, "This is one of the vols. that formed Bonaparte's library at St. Helena."

The notes are supposed to have been written by persons in whose possession the book came after the death of Napoleon. The volume was presented to the University by Andrew Smith Halliday, one of the first regents of the University of California, who died in 1901. He obtained the book from friends in England.

The title of the book is "Cours de Mathematiques," and it is by Besout. It was published in 1812, and is bound in French leather. The volume is still in good condition.

The Arizona Amalgamated Copper Co. has been formed to carry out an amalgamation of various important copper properties aggregating approximately 4000 acres, situated in the heart of the well known Clifton-Morenci District of Arizona, viz: The Leaszy group, Bertrand Copper Co., Stevens Copper Co., The Copper Plate Co., Bonanza Group Copper Mines, Celtic Copper Mines, Keystone & Merritt group, and the Corona group, together with various other smaller holdings of known copper deposits.

The amalgamation further embraces the Signal Copper Co., a well developed mine in Yuma County, Arizona. Eminent mining engineers consider this property one of the most promising in all the Southwest.

The properties in the Clifton District comprised in the amalgamation of the present company are interspersed among and interlocked with the properties of large producing companies, viz: The Arizona Copper Co., The Detroit Copper Co. (Phelps, Dodge & Co.), The Shannon Copper Co., and others. The properties of the Arizona Amalgamated Copper Co. possess identical geological conditions and, wherever developed, the same underground showings as those of the other mines. In many cases they immediately adjoin, and the developed ore bodies extend into the properties of our company.

The district is compact, limited in area and well defined by extensive developments. Over 100 distinct veins and dykes have been uncovered in the Clifton section of our property of a varying width from 25 to 300 feet. The four active producing companies of the district give a total of 55,000,000 to 70,000,000 pounds annually of refined copper from an area of less than 3000 acres, and the estimated developed ore reserves exceed 300,000,000 tons. This district contains the largest developed bodies of copper ore known in the world.

As compared with the production from 2000 acres, aggregating an annual average of over 60,000,000 pounds of copper, this company acquires an area of approximately 4000 acres of similarly rich ore deposits.

The properties of this company are at present developed by approximately 20,000 feet of underground workings, the extension of which is being pushed forward rapidly. Many of the mines of this company are new producing areas WHICH MAY BE CONVERTED INTO IMMEDIATE PROFITS. The plans of the company provide for the construction of extensive mills, smelters, ore handling facilities and local railroad connections, intended to be the most complete in the district. The branches of existing railroads now traversing the district, but it is the intention of the company to simplify these railroad facilities through its own construction work. It may be further noted that plans have been completed and the erection of a modern smelter on the Signal Copper Co. property will shortly begin.

With the mines brought to a productive capacity of 1000 tons of ore per day, averaging only 3 per cent. of copper, the following estimate is made of the profits of operation:  
 Total cost of mining and treatment (which in this district is definitely established at \$12.00 per ton of ore produced, but which we conservatively figure at \$8.00 per ton) \$8,000  
 Profit per day - - - - - \$6,000  
 Equivalent to an annual profit of - - - - - \$1,980,000

**With Copper at 26c Per lb. the Annual Profit Would be \$2,574,000.**

Equivalent to over 17 per cent. annual profit on the total capitalization of the company.

## CHILD'S PATHETIC STORY.

Arrested for Violating Curfew Ordinance—Cold, Hungry and Afraid to Go Home.

The police will investigate the case of eight-year-old Fannie Asarow of No. 1515 Bellevue avenue, who was taken to the Central Station last night for violating the curfew ordinance.

Seated upon the curbstone on Broadway, near Second street, the little girl was found by an officer about 10:30 o'clock. When she was asked where she lived, she began to cry. The child displayed a number of newspapers and said:

"I can't go home until I have sold all my papers. I had had luck tonight and I haven't enough money to go home yet."

She told the police that she has eight brothers and sisters at home, and that her father is a junk dealer. She was hungry, poorly clothed and cold. When she was asked as to the probable action of her parents if she went home, the child would not answer.

In speaking of the case an officer said that he had seen the child about the streets frequently and that she was driven from place to place by newsboys.

The American Baptist Missionary Union has been assured by John E. Rockefeller that he stands ready to contribute \$200,000 to the needs of the union this year. The first installment of \$125,000 already has been paid.

## TEST CASE FOR NET FISHERMEN.

SAN DIEGO, April 18.—A test of the new seine law is to be made in the case of George Parraez, who is charged with sinking a small mesh net, 183 feet long in False Bay the first of the month. The defendant says that he didn't sink the net but that it floated away with the tide. The prosecution claims, however, that the seine was weighted with pieces of lead.

It will be claimed that the law is unconstitutional in that it discriminates against the fishermen of San Diego bay, not affecting the fishermen of other bays and harbors along the coast. The fishermen deny that the catching of small fish with nets is the cause of the scarcity of fish in the bay.

Visalia Elects Mayor.

VISALIA, April 18.—At a meeting of the new Board of City Trustees today A. R. Orr was elected Mayor of the city and president of the Board of Trustees.
